Integrated Management Policy

At **Turbine Field Solutions S.A. de C.V. (TFS)**, we are a 100% Mexican company with an international presence, dedicated to manufacturing for the aerospace sector and providing specialized services and high-precision products for the operation, maintenance, and reconditioning of turbomachinery for the energy sector. Our target is to achieve maximum customer satisfaction, synchronizing with their requirements through compliance with ISO and AS standards established in our Integrated Management System (IMS), encompassing Quality, Health, Safety and Environment, bolstering continuous improvement in each of our processes. Making us the most reliable and cost-effective option in the country.

Commitment to Excellence

At TFS we are committed to excellence. To achieve this, our IMS establishes specific and measurable objectives in quality, safety, health, and the environment, aligned with our strategic goals, thus contributing to satisfy the expectations of all our interested parties.

Top Management Commitments

1. Ensure safe working conditions:

Prevent injuries and ill-health by eliminating hazards and reducing risks associated with our processes, promoting the participation and consultation of our employees and interested parties in establishing control measures.

2. Satisfy our customers

Offer products and services that meet their requirements and technical specifications, through a robust IMS and qualified personnel, constantly innovating and improving the performance of our products and services.

3. Protect the environment

Minimize the environmental impacts of our activities, products and services, preventing pollution and promoting the sustainable use of natural resources.

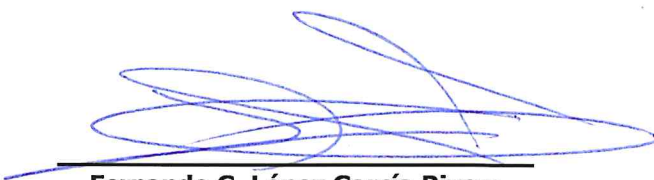

4. Comply with legal and regulatory requirements.

Ensure compliance with current legislation in Quality, Safety, Occupational Health and Environmental Protection, as well as the contractual obligations established with our clients and the standards voluntarily adopted by the organization.

Life cycle perspective and risk assessment:

We implement a lifecycle perspective in our products and services, identifying risks and opportunities to ensure sustainability and the fulfillment of our commitments.

Through our IMS, we ensure that this Comprehensive Management Policy is communicated, understood and applied by all employees, suppliers, contractors, and other interested parties, fostering their contribution to achieving the established commitments and objectives.

Fernando G. López García Rivera
TFS Chief Executive Officer
